Introduction

At AdoptAClassroom.org, we believe every child should have equal access to the tools they deserve to succeed in school. That’s why we’ve provided fundraising tools for teachers for more than 20 years, raising more than $36 million and supporting more than 200,000 teachers and 4.5 million students.

It’s also why we introduced our School Program in 2019, making the same tools we provide to teachers available to school administrators, to help fund important school-wide needs that cannot be met through other funding sources.

We created this presentation to help district administrators understand how AdoptAClassroom.org can be a trusted partner for districts and schools, to ensure all teachers and school administrators have what they need to do their job, and give every child the tools they deserve to succeed in school.
About

AdoptAClassroom.org®
What we do
AdoptAClassroom.org is a national 501(c)3 nonprofit organization that helps teachers and schools get the funding they need to support their students and equip their classrooms.

We serve
K-12 teachers and school administrators of public, private, and charter schools in any community across the U.S. by giving access to funding through 3 channels - crowdfunding, grants, and corporate sponsor donations.

We operate
A proprietary online platform that makes it easy for teachers and school administrators to register, raise funds, and get the supplies they need, when they need them.
Impact to Date

- Funds Raised: $36 Million
- Classrooms Served: 200,000+
- Students Supported: 4.5 Million

Our Partners Include:

- Burlington
- Farmers Insurance
- Lane Bryant
- Great Clips
- Maurices
- Konica
- Office Depot
- Ooly
- PCM-G
- Mall of America
- Nickelodeon
- HBO
- Alerus
- Kronos
- Propane Clean Energy
- Ace Cash Express
- Whole Foods
- F.I.S.H.
Transparency
Comprehensive reporting of every item purchased.

Credibility
Highest 4-star rating from Charity Navigator.

Security
No cash changes hands. All items selected by educators are shipped directly to schools.
“AdoptAClassroom.org is a trusted partner, committed to carefully considering where their funds will do the most good for our students. We thank AdoptAClassroom.org for their invaluable support of our schools and students.”

– Mariano Guzmán, Senior Advisor
Office of the Chancellor,
NYC Department of Education
“AdoptAClassroom.org was extremely easy to work with. Their staff was available throughout the entire process to help us get what we needed. Teachers were able to get materials to support student learning that were not within our school budget. We were very impressed with how user-friendly the site is, and with the quality and variety of vendors.

I would absolutely work with AdoptAClassroom.org again. I was very impressed by the professionalism and support I received.”

– Alison, School Principal in Sparks, NV
How it Works
We are the original fundraising platform for teachers. Since 1998, our generous donors have adopted more than 200,000 classrooms across the nation.

We connect teachers to donors and other funding opportunities for their classroom, including grants and sponsorships.

Eligibility

- K-12 teachers or certified staff members in all U.S. States and Territories
- Accredited Private, Public, or Charter Schools
- Prekindergarten classrooms are permitted, but only if they are based in an accredited K-12 school
How it Works for Teachers

**Step 1**
Teachers register and create a Classroom Fundraising Page.

**Step 2**
Donors, corporate sponsors, and foundations can contribute to Classroom Fundraising Pages.

**Step 3**
Donations are deposited into teachers' AdoptAClassroom.org virtual savings accounts as a credit. No cash changes hands.

**Step 4**
Teachers are required to thank their donors before they can use their donations.

**Step 5**
Teachers can order what their classroom needs in our online marketplace of education and school supply vendors. All orders are shipped directly to their school.

**Step 6**
Donors receive a list of the items purchased with their gift. Districts can request reporting on all items ordered.

Click [here](#) for more information about our Teacher Program.
Launched in 2019, our School Program is designed to help principals fill the gap in funding created by tight budgets and growing school needs.

This program gives individual donors and our corporate partners the ability to contribute to school-wide initiatives to benefit all students in a school. Our School Program complements our existing Teacher Program, and they are designed to work together to support school and classroom needs.

Eligibility

- K-12 principals or other school administrators* in all U.S. States and Territories
- Accredited Private, Public, or Charter Schools
- Prekindergarten programs are permitted, but only if they are based in an accredited K-12 school

*Our School Program is designed to help principals fundraise for their school. Principals may delegate the responsibility to another administrator as appropriate, such as a vice principal or administrative assistant.
How it Works for Schools

Step 1
Principals register and create a School Fundraising Page. They must have district approval before they can start fundraising.

Step 2
Donors, corporate sponsors, and foundations can contribute to approved School Fundraising Pages.

Step 3
Donations are deposited into School Administrators' AdoptAClassroom.org virtual savings accounts as a credit. No cash changes hands.

Step 4
Principals are required to thank their donors before they can use their donations.

Step 5
Principals can order what their school needs in our online marketplace of education and school supply vendors. All orders are shipped directly to their school.

Step 6
Donors receive a list of the items purchased with their gift. Districts can request reporting on all items ordered.

Click here for more information about our School Program
Better Together.

Teacher Program + School Program
1. Donors Have More Choice.

When donors, corporate sponsors, and foundations visit a school’s fundraising page, they’ll have the option to support a school-wide initiative and/or an individual classroom (or multiple classrooms) at that school, opening up the possibility of larger donations that make a more transformative impact for the school’s teachers and students.

For example, if a school has a new technology initiative, a donor could contribute to a school-wide 1:1 laptop program, and/or contribute to a teacher who would like a classroom robotics set to teach engineering skills.
2. Stronger School Fundraising Pages.

Classroom pages add another level of detail to the school’s fundraising page. They help tell the school’s story, and give donors a better picture of the school and its needs.

Because school administrators can see which teachers at their school are fundraising for their classrooms, they’ll have a better understanding of their teachers’ needs.

The availability of reporting on teacher purchases provides principals and district leaders with full transparency regarding the supplies and materials coming into the school each year.
How Do I Get Started?
District Approval

Our goal is to be a good partner for schools and districts.

We understand that many districts have policies regarding who is permitted to fundraise on behalf of a school. That’s why, before a principal can start fundraising for their school, we require approval from their district.

The approval states that the school's principal is authorized to fundraise on behalf of their school using AdoptAClassroom.org, and that they are authorized to use the funds they receive to order materials to be shipped to their school.

Requiring this approval ensures there is communication between the school and district before fundraising begins.
How District Approval Works

Districts can choose to grant district-wide approval, so all schools in the district are authorized to fundraise on our platform, or they can grant approval to schools on an individual basis.

Click here for more information on district approval.

If you would like to approve schools in your district on an individual basis, we can communicate this to your schools when they sign up. We can let them know who at the district they should contact regarding approval for their school. All you have to do is provide us with the appropriate person's name and contact information.

Feel free to contact us at info@adoptaclassroom.org with questions.
Crowdfunding for Schools and Teachers
Our 2018 teacher spending survey found that teachers spend an average of $740 out-of-pocket each year on classroom supplies.

Our proprietary, easy-to-use education fundraising platform gives school administrators and teachers the ability to raise funds from their community, as well as from AdoptAClassroom.org’s national network of donors, corporate sponsors, and foundations - funding sources they otherwise would not have access to.
### AdoptAClassroom.org Meets Crowdfunding Best Practices

### AdoptAClassroom.org Meets Crowdfunding Best Practices

#### Crowdfunding Best Practice

<table>
<thead>
<tr>
<th>School ownership of funded materials.</th>
</tr>
</thead>
<tbody>
<tr>
<td>The school, rather than the teacher, ultimately owns the funded resources.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>District visibility and reporting.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Notify principals when items are being shipped to schools, and provide line-by-line reporting of every project to districts upon request.</td>
</tr>
</tbody>
</table>

#### AdoptAClassroom.org Policy

| Once shipped, items ordered through AdoptAClassroom.org are considered property of the school. |

| We can provide schools and districts with itemized reports, listing everything ordered by principals and teachers on AdoptAClassroom.org. |

| Our policies are designed to protect student privacy. Teachers and school administrators may not share information that identifies students without appropriate permissions. Information or images not in compliance will be removed from our site. |
How Does AdoptAClassroom.org Compare With Other Crowdfunding Platforms and Services?
We are accountable and transparent.
We hold the highest rating from Charity Navigator, and the Gold Seal of Transparency from Guidestar. No cash changes hands and all orders are shipped directly to schools. We can provide itemized reports of every order placed by teachers and school administrators upon request. Other for-profit platforms do not meet these key criteria.

We serve teachers and schools.
Other services cater only to teachers or only to schools, or are not designed specifically to fund education. We serve K-12 teachers and school administrators of public, private, and charter schools in all U.S. states and territories. Registration is free, and our platform is specifically designed to meet the needs of teachers and school administrators.

We offer more than crowdfunding.
We raise funds from individual donors, corporate sponsors, and foundations to support teachers and school administrators with funding through three channels - crowdfunding, grants, and corporate sponsor donations.

We are flexible.
Teachers and school administrators are not locked into specific fundraising goals, projects, or timelines. Donations of any amount can be used anytime within 12 months of the date of the donation, so teachers and school administrators can order what they need, when they need it.

Monthly giving.
We are the only nonprofit where donors can make recurring monthly donations to provide continued support to teachers and/or schools.
Other Funding Opportunities
AdoptAClassroom.org is not just a crowdfunding platform.

We are a national nonprofit dedicated to equity in education. Our donors and corporate sponsors work with us to fund classrooms and schools locally and nationally.

Here are some of the ways that we provide funding for classrooms and schools outside of traditional crowdfunding:

- **Adoption “Match” Programs**
  National corporate sponsors contribute to AdoptAClassroom.org and ask us to “match” them with classrooms or schools that fit their criteria, such as location, subject area, or Title 1 status. Teachers and school administrators who log in regularly and have strong fundraising pages have the best chance of being selected.

- **Sweepstakes and Giveaways**
  Teachers and school administrators can enter their classroom or school for funding on AdoptAClassroom.org, or for free school supplies.

- **Spotlight Funds**
  Several times each year we alert school administrators and teachers about Spotlight Fund grant opportunities. Our Spotlight Funds support High-Needs, STEAM, Inclusive Classrooms, Disaster Relief, and more.

Check out the [Funding Opportunities](#) section on our blog for current programs.
How to Make the Most Out of AdoptAClassroom.org

Schools can share a link to their fundraising page with their community in a variety of ways, including:

- On the school’s website
- In newsletters, emails, and other communications to parents and students
- On social media

Principals and teachers who are already registered can encourage other teachers and principals in their district to register and create a fundraising page for their classroom or school.

Teachers and school administrators with an active fundraising page may be eligible for corporate sponsor matching opportunities for their classroom or school. When these opportunities arise, we’ll alert them via email.

District or school foundations can partner with us to offer challenge or matching grants to increase the amount of funding they have available for their teachers and schools.
Case Studies
St. Paul Public Schools (SPPS) saw promising results from The Innocent Classroom, a transformative teacher training program that helps teachers work with students who have experienced trauma and racial bias. SPPS wanted to continue with the program, but cost was a barrier, particularly as it is most effective when done on a school-wide basis, and sustained over time.

One school had completed two of the three phases of the program and was looking for funding to implement the third phase. With the district’s support, we worked with the principal to create a fundraising page for the school on AdoptAClassroom.org, with a goal to raise $30,000 to implement the final phase of the program. Within a few months we received more than $22,000 from individual donors and local businesses.

With a majority of the funds needed raised through our school fundraising platform, the district contributed the remainder, leaving SPPS with more funds available than they anticipated to put toward Innocent Classroom training at other schools in the district.

Maximizing Employee Engagement to Support Local Schools

When we explore objectives and fundraising goals with our business partners, we sometimes find that matching them with a local school, rather than an individual classroom, is the best way for them to achieve their desired impact.

To help a large marketing services company create meaningful change for educators and students in their community, we built custom fundraising pages for their 1,000+ employees, and connected them with two local schools. This partnership raised more than $30,000 that was shared with the schools, giving them access to classroom materials and services they otherwise could not afford.

In addition to the funds they donated, employees donated their time to perform meaningful acts of service at the schools, including painting the teachers’ lounge and providing breakfast for school staff.
