

# How AdoptAClassroom.org Supports Teachers

Since 1998, AdoptAClassroom.org® has partnered with donors to provide PreK-12 teachers across the country with the school supplies their students need.

To ensure teachers don't have to spend their own money on their classrooms, we fund classrooms in public, private or charter schools in any community across the country.

Register your classroom to be eligible for support.

**\$83+ Million  
Raised**

**337,000+  
Classrooms Funded**

**7.85+ Million  
Students Supported**

## We Make It Easy To Get Classroom Supplies

1. Register and create your AdoptAClassroom.org Classroom Page.
2. Crowdfund, apply for our grants and enter our giveaways.
3. Use donations you receive to order classroom supplies through the AdoptAClassroom.org Marketplace of education vendors.
4. All orders are shipped directly to your school.

Having a classroom page makes you eligible to receive donations from our donors and corporate partners looking for classrooms in their community to support.

“The impact of the donation I received has helped create a more engaging, supportive and equitable learning environment for my students.”

- Hilda, Teacher
